As a part of our mission to expand opportunities to women racers in Northern California, the LGBRC women's elite team is opening up applications for athletes to attend some of the biggest races in the US with the team and gain valuable experience in the professional peloton.

We are able to take guest riders to Valley of the Sun, Redlands Bicycle Classic, Cascade Bicycle Classic, and BC Superweek. While athletes cannot guest ride with us to Nationals due to USA Cycling regulations, we are offering additional spots for lodging with & official support from the team at the USA Pro Road Championships so interested athletes face fewer barriers to entry.

Highest priority is given to riders from the NCNCA, but we will consider other applications from eligible Cat 1 & Cat 2 athletes who are eager to improve their experience. We will also consider Cat 3 riders from the NCNCA who are close to their Cat 2 upgrade but have not yet attained it at the time of applying.

Applications will be reviewed on a rolling basis and rider spots announced roughly 4 weeks before competition. VOS and Redlands are exceptions in that applications are due January 9th, and 23rd, 2020, respectively. Riders will be announced January 17th, and Jan 30th, 2020, respectively.
